Diploma Engineering in Computer | Balaji Institute of Engineering & Technology Junagadh
GUJARAT TECHNOLOGICAL UNIVERSITY
AUGUST 2014 – JUNE 2017

Experience

Software Engineer | Kaushalam Digital Private Limited, Ahmedabad.
JUNE 2020 – NOVEMBER 2021

Worked on C#, MVC Application, Blazor Application, JQuery , HTML, CSS using SQL Server

Senior Software Engineer | Synoverge Technologies Private Limited, Ahmedabad.
NOVEMBER 2021 – CURRENT

Worked on C#, MVC .Net Core API, Angular, HTML, CSS using Oracle Database.

Skills

Category	Technology
Back End	C#, ASP.NET, MVC, .NET Core API, Blazor Application
Front End	JavaScript, jQuery, HTML, CSS, Angular
Database	SQL Server, ORACLE Database
Other Tools	TFS, JIRA

Achievements

MCSA Web Application | Microsoft Certified Solutions Associate

JANUARY 2021

70-486: Developing ASP.NET MVC Web Application

70-480: Programming in HTML5 with JavaScript and CSS3

Projects

1) E-Commerce Domain | Kaushalam Digital Private Limited, Ahmedabad.

Designation: Software Developer

Team Size: 3

Description:

- Developed a feature-rich E-Commerce web application enabling users to browse products, purchase items online, make secure payments, and track order status. A key feature of the platform was product customization, allowing users to personalize items such as water bottles with custom images and designs.
- The application supported multiple product categories including Men, Women, Children, and Accessories, providing a user-friendly shopping experience with responsive UI and seamless checkout flow.

Technologies :

- C#
- .Net MVC
- SQL Database
- jQuery
- HTML

2) School Domain | Kaushalam Digital Private Limited, Ahmedabad.

Designation: Software Developer

Team Size: 3

Description:

- Worked on a US-based student management platform designed to monitor and manage students across districts nationwide. The system tracks student behavior, threat assessments, and social activities, enabling schools and district administrators to maintain structured oversight and ensure student safety.
- The platform allows class teachers to manage and update detailed student records, while district-level authorities monitor and analyze data across multiple schools.

Technologies :

- Blazor
- SQL Database
- jQuery
- HTML

3) Insurance Domain | Synoverge Technologies Private Limited, Ahmedabad. (Working Here)

Designation: Senior Software Developer

Team Size: 4

Description:

- Worked on a public insurance portal enabling users to purchase and renew insurance policies for Private Cars and Commercial Vehicles. The platform provides dynamic policy customization options based on IRDAI regulations and business rules.
- Contributed to development of core modules including policy issuance, renewal processing, premium calculation logic, and rule-based customization features.

Technologies :

- MVC .Net Core
- Web API
- Oracle Database
- HTML
- jQuery

Responsibilities & Role Detail

- Led frontend and backend feature development aligned with client requirements and business objectives.
- Conducted comprehensive unit and integration testing to ensure application stability and performance.
- Identified, analyzed, and resolved complex technical issues and production defects.
- Contributed to product enhancements and continuous improvement initiatives.
- Participated in sprint planning, task estimation, and progress tracking in Agile environments using JIRA/TFS.
- Coordinated with team members, delegated tasks, and ensured adherence to development timelines.
- Demonstrated strong analytical thinking by planning and designing solutions before implementation.
- Maintained effective client communication to gather requirements and deliver high-quality solutions.

Declaration

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
